SmartFusion - Empowering Local Governments

FUND ACCOUNTING

Our advanced financial solutions can increase the efficiency of managing finance and accounting data.

PROPERTY TAX

Automate your property tax and document management processes seamlessly with data-driven systems.

EMPLOYEE & BENEFITS

From hired to retired, take a modern approach to managing all the phases of the employee life cycle from benefits to every day HR needs.

UTILITY BILLING

Reduce collections and increase citizen satisfaction by creating accurate and informative reports for your municipalities billing process.

OPERATIONAL EXCELLENCE

We strive to help organizations maximize their productivity by providing the powerful tools, services and support that meets their unique needs.

Enhancing Capabilities

FINANCIAL MANAGMENT

Advanced financial data management with encumbrance accounting. Accurate budgeting and planning tools for revenue and expenditure projections, enhancing efficiency and accountability.

TIME & LABOR MANAGEMENT

Explore TimeClock Plus for cutting-edge time and attendance solutions. With options like cloud-based apps and biometric devices, we offer diverse, innovative choices to enhance tracking efficiency.

BILLING & REVENUES - *MYGOVHUB*

SmartFusion's MyGovHub streamlines employee life cycle management with integrated Payroll and HR applications. It offers a comprehensive view, from handling vacancies and applicants to conducting employee reviews.

DOCUMENT MANAGEMENT

SmartFusion's Document Management streamlines capturing, organizing, and managing electronic documents with cloud-based technology. Easily scan, track, and store crucial information for seamless organizational operations.

PAYROLL & HR - *ESS*

SmartFusion's ESS suite streamlines employee lifecycle management with integrated applications, offering a comprehensive view from vacancy management and applicant tracking to employee reviews.
