# Greetings!

During the past nine years, I've had the honor of working closely with local government offices like yours. I understand the significance of selecting a printer who values accuracy, respects deadlines, and recognizes that what is mailed to your customers is a direct reflection of your office.

As your Account Manager, my commitment extends beyond the contract signing. Stewart, our Director of Operations, and I communicate daily to ensure we deliver the exceptional service our customers require. If you're considering a change, I'd love to have a conversation with you!

DEB CRONIN  
Account Manager
